

## **Important Information for Lesson on 6 Jan 07 (Sat)**

1. The session will kick off at 9.30 a.m. (instead of 9 a.m.) with a two-hour workshop on Maple 10, a powerful CAS, before we take a short break of 30 minutes. Do remember to bring your own food for the break as the canteen will be closed.

2. The two-hour test will start at 12 noon. There will be six 12-mark structured questions:

Q1. Dynamic Geometry Software – 3 parts

Q2. Graphing Tools – 3 parts

Q3. Calculators & learning theories – 3 parts

Q4. Logo & spreadsheets – 3 parts

Q5. CAS – 5 parts

Q6. Internet, modes of ICT use, features of ICT tools – 2 parts

Total: 72 marks

This is an open-book test and you'll have access to the software applications we've used in the course as well as the GC. Do look through the materials we have gone through including those for hands-on activities.

3. Please bring along your copy of the GSP CD-Rom. I'll collect it from you after the test.
