Error Analysis Assignment

• Identify the topic, level and SIO(s) [1 mark]
• State the prerequisites (what skills or concepts does the pupil need in order to do the tasks) [1 mark]
• Identify the errors in one of the items (describe exactly what the pupil did which led to the wrong answer) [1 mark]
• Make a conjecture of the pupil’s misconception(s) [2 marks]
• Confirm your conjecture by examining workings in other items [2 marks]
• Describe how you would help the pupil overcome the difficulties [3 marks]
• About 2-3 pages (just a guide, can be longer than this)
• Use Arial, 12pt, 1.5 spacing
• Include a cover page
